

PLEASE REJECT NAB PETITION 04-160. I am tired of the members of the National Association of Broadcasters providing us with the commercial junk they presntly provide over the airwaves, and I am thrilled that XM has provided a realistic alternative. I enjoy listening to XM Satellite Radio and its traffic and weather channels. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what can hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide its programming. Perhaps the NAB members should concern themselves with their own programming so they would not feel so threatened by XM.
